**PRICE GUIDE**

# How much do your cakes cost?

Each cake is priced individually based on the size of the cake and the time and skill required to create its design.

These are custom made cakes that take many hours to create. The cost of ingredients, labour, cake boxes, cake boards, internal structures etc are all factored into the price.

## Serving sizes –

Desert sized : larger slices that are best for plated desserts at sit down events and weddings.

Small slices are best for birthday parties, cocktail events, and where other desserts may be served.

Standard height per cake tier is roughly 6-7 inches tall with 3-4 layers of cake and 2-3 layers of filling.

See below pages for an approximate guide for pricing. Contact Katie with your specific cake needs and she will provide a detailed quote.
